

An error occurred executing the workspace job "Program".
Integration technologies failed to submit the code. [Error] Failed to transcode data from U_UTF8_CE to U_WLATIN1_CE encoding because it contained characters which are not supported by your SAS session encoding. Please review your encoding= and locale= SAS system options to ensure that they can accommodate the data that you want to process. A portion of the source string, in hex representation is:
[None] 68bb644: 3b 2a 27 3b 2a 22 3b 2a 2f 3b 71 75 69 74 3b 72
|;*;*;/;quit;r|
[None] 68bb654: 75 6e 3b 0d 0a 4f 50 54 49 4f 4e 53 20 50 41 47
|un;...OPTIONS PAG|
[Error] Some code points did not transcode.
