Collaboration

Connect w/ global UG leaders at SAS & beyond via meetings

- Created a [Microsoft Team's](#) site to collaborate & share planning documentation between User Groups
- Host monthly meetings with our global spearheads at SAS to work towards a global future
- Built a new [SAS Communities](#) site for UG leaders to connect & share their events
- Designed an [FAQ](#)

Ed Solomon
@ed_solomon

Today is both a palindrome and an ambigram. Which means it can be read backwards and forwards as well as upside down. This may be my most useful tweet ever. Good day.

Highlights

BASUG

- Started monthly webinars in 2022, quickly turned global
- **Launched a new website**
- Invested in their technology, got a ZOOM license
- Partnerships with other RUGs & LUGs; receive coaching

Dartmouth

- Learn from the other groups
- Hosted two major events

WUSS

- Get out of their San Diego contract that they pushed out to 2023
- Replace in-person conferences with their successful training schedule
- Connect w/ RUGs and PharmaSUG
- Planning event in SF in the fall

MSUG

- Planning in-person event in June
